Hello,

I didn't sign up for gas service at 13147 S. Rhodes, Chicago, IL. Someone used my name without my consent and established service in my name. The time period of July 7, 1998 to May 17 1998 I didn't reside at the Rhodes address:

My previous address over the past 10 years have been

**Current Address:**

55931 Short Hair Drive  
Osceola, IN 46561

1918 High Street  
Blue Island, IL

15811 Paulina  
Harvey, IL

1535 147<sup>th</sup>  
Oak Forest, IL

561 S, Ingram Street  
Calumet City

Now I must admit when I first called People's gas I told them that I didn't know who signed me up because I didn't want to get Vanessa Jackson in trouble nor could I really prove that her or her daughter did it. The reason why I said her daughter did it is because her daughter name is Tenesha Jackson and my daughter name is Tenesha Stephens. The representative asked me did I know someone by the name of Tenesha Jackson.

## **Conclusion:**

I thought here in the United States people are innocent until proven guilty. These standards aren't applied when it comes to establishing Peoples gas service. If a social security number is all that you need to establish service, I wonder how many other victims there are like me. How many parents do you think abuse this system by getting service in there kids name? Later on the kids find out that there credit is destroyed because of an irresponsible parent or a person like myself is victimized. The most important thing is ones life is to have credit and I didn't know that Peoples gas was even on my credit until the last several months when I tried to buy a house.

1. Based on my case and my proof I would like for Peoples Gas to remove this Charge off and any record of them from my credit report.
2. Eliminate the \$520 they say I owe them
3. Have new customers come into the office and sign up for new service: I know this would be probably too costly. Or have new customers send in a signature card within 90 days in order to keep their service. This way if there's ever a dispute like this Peoples Gas will have their signature for proof. Just think how many cases this would resolve if this was done.
